

Rustic FINISHES

NEW

The saying “What’s old is new again” certainly has relevance in today’s design trends, and at Kwikset there is no exception. Kwikset is proud to introduce three new finishes with old world charm; **Rustic Pewter**, **Rustic Bronze** and **Iron Black**. Three welcome additions to our finish portfolio.

The introduction of these three rustic finishes provides a perfect solution to the growing demand for warm, dark finishes to enhance today’s home décor. These richly detailed finishes are handcrafted to provide an elegant combination of subtle color nuances and warm highlights. Each piece has its own individual character, the hallmark of true craftsmanship.
