SMART  SCAN

Personalized Access Control.

**BIOMETRIC
SCANNING
DEADBOLT**

Simplify Your Life with SmartScan

Biometric Fingerprint Scan Technology

No need to duplicate keys for guests, housekeepers, baby-sitters or your children. All you need is a fingerprint. Administrator access allows users to be added or deleted from the lock's database on the inside of your door.

CONVENIENT, RELIABLE & SECURE

CHILD-FRIENDLY

RESTRICTED ACCESS

NO MORE UNINVITED GUESTS

Kwikset, America's most trusted name in security for over 60 years, has developed a **Biometric Keyless Entry Deadbolt**. Nothing is more individual than your fingerprint. That's why fingerprint scan technology is used today for the most critical security access.

Take control of who has access to your home.

WHY SMARTSCAN?

■ BIOMETRIC KEYLESS ENTRY DEADBOLT

- Works with a swipe of your finger using sub dermal sensors
- Convenience of keyless entry

■ CONTROL WHO HAS ACCESS TO YOUR HOME WITH 3 LEVELS OF ACCESS

- Continuous Access—(24/7) for home owners and family
- Temporary Access—Day of the week for contractors
- Restricted Access—Time & day of the week for baby-sitters or housekeepers

■ SECURITY

- No more worrying about lost or loaned keys

- Easy installation—No hard wiring
- Comes with a backup key
- Audio alarm low battery feature
- Programmable up to 50 users (*unique fingerprints*)

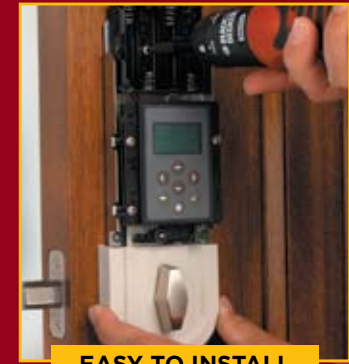

SmartScan Available Finishes:
