Venetian
BRONZE™

Venetian Bronze

Venetian (Tuscan) Bronze is a custom hand-finish that creates unique bronze highlights similar to those found in an Oil Rubbed Bronze finish but leaves no oily residue and will not show wear. This new Venetian Bronze 11P finish is available on most Kwikset UltraMax® Signatures products and selected Maximum Security® and Security® products including Cameron™ knob, Tustin™ lever, Powerbolt®, Dakota™ handleset, Polo® knob, and Dorian® lever.
